At the afternoon session of the Senate yesterday, the House's hackman's bill passed first reading.

The bill providing for the inauguration of the Territorial Land System passed third reading. The amendment permitted publication to be in a paper of general circulation. Another change required that money collected shall be paid into the treasury daily instead of monthly.

Senator McCandless introduced his bill turning the "Chinese Fund" into the Territorial Treasury, as a "Government realization." He said that under the bill that had been discussed in the morning, the Territory would lose about \$12,000 interest annually which the bank to be created as a trustee would get. Senator C. Brown opposed McCandless' bill. Some lively debating resulted. A motion to table the bill was lost and the measure was passed its first reading.

Important Reasons

Why Herring-Hall-Marvin Safe Co.'s Safes and Locks are the Best?

The concrete filling makes these safes absolutely Fire-Proof and positively Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent Bolt Work is superior to any in use and does not require the constant oiling, cleaning, and repairs that is acknowledged in other makes of safes. That although 600,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, THERE IS NOT A SINGLE INSTANCE ON RECORD WHEREIN ONE OF THEM EVER FAILED TO PRESERVE ITS CONTENTS PERFECTLY. They make safes for county treasurers, county recorders, county clerks, jewelers, Hotels, residences, churches and corporations. We have a large assortment of safes on hand and will be pleased to show same.
